PEOPLE LOVE IT.

EXPANDED DISTRIBUTION: For five years Ridgefield Magazine maintained a steady paid circulation, with an astounding renewal rate hovering either side of 75%. Bedford Magazine and Litchfield Magazine have had similar returns. Strong numbers indeed from an extremely satisfied and loyal band of readers. However we realize there is a greater potential readership out there. We have determined that the most efficient method to reach the greatest number of readers for the benefit of our advertisers is to move to a **controlled circulation model for all five titles.** That is, we will target a certain number of households based on various demographic data and deliver our publications to those mailboxes—at no charge to readers.

Great for them: a free magazine that they have been buying and loving for years.

Great for you: more readers will absorb your message at the ad rates as before.

DISTRIBUTION: Magazines are delivered by mail, sold on newsstands, and placed at promotional events.
